

International Young Astronomers School SCIENTIFIC EXPLOITATION OF THE GAIA DATA

Practical information

Dear participants,

Our warmest welcome to the 5th International Young Astronomers School on the "Scientific Exploitation of the Gaia data".

In the following, you can find some practical information regarding your stay, as well as on the organization of the Hands-on Sessions from Monday to Thursday afternoons. This practical information booklet is also available on the School webpages, in pdf format. For any further questions during your stay, do not hesitate to contact us.

Lectures

Please note that all lectures, lunches and hands-on sessions will take place at the FIAP (30 Rue Cabanis, 75014 Paris).

Morning lectures, from Monday to Friday, will take place in the Lisbonne room, floor -1, from 9h00 to 12h30. Coffee breaks are planned every morning from 11h00 to 11h30, just outside the Lisbonne room.

Afternoon HO-sessions will take place in the rooms Lisbonne, Athènes, Budapest and Copenhagen from 14h00 to 18h30. For the HO-sessions, each participant is associated to a group. To know the group you are associated to, how groups are redistributed over the HO-sessions during the week, and a plan of the different rooms, please refer to Page 5 of this booklet. Coffee breaks are scheduled every afternoon from 16h00 to 16h30, just in front of the Lisbonne room.

Sunday afternoon, and Monday early morning: **Registration**

Registration will take place in the main hall of the FIAP on Sunday afternoon from 16h00 to 20h00, and before the beginning of the first session, on Monday morning, from 8h15 to 8h45, at the entrance of the lecture room ('Lisbonne' room).

Sunday afternoon : **Welcome buffet**

An informal welcome buffet will be organized on Sunday from 18h00 to 18h45 in the main hall, at the entrance of the FIAP, for those of you that will be already at FIAP at that time.

Sunday/Friday : **Check-in/Check-out at FIAP**

For those of you who chose an accommodation at FIAP, check-in/check-out must be done directly at the reception desk of FIAP, which is open 24 hours a day. Rooms at FIAP will be available from 14h30, on Sunday. Check-out on Friday must be done before the morning lectures. Luggages can be left at the reception desk.

from Monday to Friday : **Breakfasts**

For those who have chosen an accommodation at FIAP, breakfasts will take place at the self-service, ground floor, starting from 7h00. They are included in your registration fees.

from Monday to Friday : **Lunches**

Lunches will take place at the self-service, ground floor, from 12h30 to 14h00. Tickets for lunch will be given to you, every day, at the registration desk. Lunches are included in your registration fees.

from Sunday to Friday : **Dinners**

They are not included in your registration fee, and you are free to go wherever you prefer. Some options are listed here :

- The areas of Place Denfert Rochereau / rue Daguerre, and the Butte aux Cailles, respectively at the north-west and south-east of FIAP, are both within walking distance, and offers plenty of possibilities, from cafes and brasseries, to crêperies, Chinese, Thai and Indian food.
- You can also walk or take public transports to reach the Quartier Latin, in the 5th district, which is a vibrant area, known for its universities and students life. Plenty of possibilities also there, from cheese fondue restaurants along the Rue Mouffetard, to couscous and tajines at the restaurant of the Mosquée de Paris, to some Tibetan restaurants around the Rue Saint Jacques, to the typical French bistrot Les Pupos, just in front of the Ecole Polytechnique.
- If you want to leave the left bank of the Seine, many possibilities for dinner or simply for a drink can also be found on the Right Bank : in the Marais district, or around Place de la Bastille (Rue de la Roquette) and Rue Oberkampf, just to cite a few.
- you can have dinner at FIAP, if you prefer not to go outside, at the cafe in the main hall or at the self-service. For additional information and opening hours, ask at the FIAP desk.

In all cases, take into account that eating in Paris may be relatively expensive, from ~20€ for cheap brasseries and cafes, up to 40€ and more for the most expensive places cited here - beverages excluded. Always check prices and opening hours before going, and take also into account that many restaurants offer daily menus at special prices.

Thursday evening : **Cocktail at Paris Observatory**

A cocktail will take place at the Salle Cassini of the Paris Observatory on Thursday evening, starting at 19h00. Paris Observatory is within walking distance (about 15 mins) from the FIAP. The entrance of the observatory is at the address : 77, Avenue Denfert-Rochereau, 75014 Paris. At the entrance, for security reasons, you will be asked to give your name, and your bag can be checked. The Salle Cassini is located at the first floor of the Bâtiment Perrault (Building #1 in the map at the end of this booklet).

WIFI connection

A free wifi connection is available at FIAP in all rooms and common areas. The network is wifiap. There is no password.

Food and Smoking

Note that you are not allowed to bring any food neither in the lecture rooms, neither in your personal rooms. All rooms are no-smoking.

Public transports

If you plan to take public transports, for timetables, tickets and prices, please refer to the RATP web pages. Some pages are listed here :

<https://www.ratp.fr/en/visite-paris/english/preparing-your-trip-paris-hours-operation>

<https://www.ratp.fr/en/visite-paris/english/preparing-your-trip-tickets-and-travel-passes-designed-you>

Or download the RATP application on your mobile phone.

HO-Sessions : groups, timetable and rooms

For the afternoon HO-sessions, each participant is assigned to a group of 14/15 people for the whole duration of the school. See the bottom of this page for the group you have been assigned to. If you wish to change group, please make sure to make an exchange with another participant, and to let us know. Each group will attend all the HO-sessions over the 4 days, according to the following scheme :

Groups

Group #A :

Monday : HO1, HO5

Tuesday : HO2, HO6

Wednesday : HO3

Thursday : HO4

Group #B :

Monday : HO2, HO6

Tuesday : HO3, HO5

Wednesday : HO4

Thursday : HO1

Group #C :

Monday : HO3

Tuesday : HO4

Wednesday : HO1, HO5

Thursday : HO2, HO6

Group #D :

Monday : HO4

Tuesday : HO1

Wednesday : HO2, HO6

Thursday : HO3, HO5

Timetable

HO1, HO2, HO3 and HO4 are scheduled every day in the first part of the afternoon, from 14h00 to 16h00.

HO5 and HO6 are scheduled every day in the second part of the afternoon, from 16h30 to 18h30. See also the programme of the School.

HO1: Gaia data archive, Alcione Mora, Frédéric Arenou, Nicolas Leclerc

HO2: Gaia photometry, Elena Pancino & Francesca De Angeli

HO3: Gaia radial velocities, David Katz, Piercarlo Bonifacio, Guillaume Plum

HO4: Stellar age determination, Daniel Reese Yveline Lebreton

HO5: Complementary catalogues, Georges Kordopatis, Arnaud Siebert

HO6: Orbit calculation, Mercè Romero-Gomez, Paola Di Matteo

Rooms

Here the redistribution of the afternoon HO-sessions among the different rooms.

Lisbonne : HO1, HO5

Budapest : HO2

Copenhagen : HO3, HO6

Athènes : HO4

The Bâtiment Perrault is the Building #1 on this map. To reach the building, just follow the path on the map, and panels on the site. Salle Cassini is at the first floor of this building. The entrance of the Paris Observatory is on 77, Avenue Denfert-Rochereau, 75014 Paris.

Wishing you a pleasant stay and an enriching week!
